

User Experience Analyst

ConnectFive, Inc. is looking for a User Experience Analyst to join our growing UX design team.

You may be an ideal candidate without knowing it... Are you currently working as a business analyst, software engineer, GUI developer, interaction designer, information architect, or project lead? Do you constantly see opportunities to make the users experience better and know what needs to change? Your current title doesn't matter to us but your passion for creating user-centered solutions does.

Project Responsibilities

- Lead the analysis and documentation of user needs and behaviors to identify frustrations, gaps and opportunities for UX improvements and innovations.
- Collaborate with the design team to develop UX design requirements and documentation, to communicate a solution that is coherent, cohesive, and satisfies user needs and goals.

Desired Skills and Experience

Requirements

- 5+ years experience in a UX position or relevant experience
- Experience analyzing user interactions and work flows
- Strong writing skills (and a passion for writing user scenarios)
- Must be fluent in Microsoft Word, Excel, and Visio
- Excellent communication and project management skills
- Self-directed with strong problem solving skills
- Ability to effectively collaborate with a wide range of team members and personalities
- Experience in a fast-paced and innovative environment
- A desire to learn, a strong work ethic and a good sense of humor

Bonus Experience

- Experience conducting qualitative user research such as task analysis and usability tests.
- Visual design skills
- Understanding of the Agile development process
- Experience in the Agricultural Industry (professional or home-grown)

Term

Full-time but also open to contract-to-hire, or contract as appropriate. (Comprehensive benefits package available for full-time employee.)

At the end of the day, we are looking for a smart, organized thinker who can synthesize and collaborate with the team to make great user-centered design solutions.

About ConnectFive, Inc.

We are a User Experience (UX) Consulting company that helps clients improve the user experience of their interactive products and websites. We apply thoughtful analysis and user-centered design methodologies to design user experiences that are meaningful for the user and effective for business. Based in Iowa City, we work with regional and national clients across a variety of industries. We value good design, happy users and enjoy doing what we do.
